COLD STORAGE / PACKING / PLASTIC

About Us

ÇAVSA GROUP is a leading manufacturer offering innovative solutions in the fields of agriculture, food, and industrial logistics.

Our product range includes plastic container crates, plastic pallets, transport boxes, live poultry transport cages, perforated crates, foam food trays, crystal PS products (spoons, forks, knives, and cups), as well as machine, food, silage, and hand stretch film types.

In addition, with our atmosphere-controlled cold storage facilities and high-precision apple packaging and sorting systems, we provide solutions that preserve product freshness, quality, and export standards at the highest level.

In our modern production facilities, we operate based on the principles of hygiene, durability, and eco-friendly manufacturing, developing tailored solutions for cold chain logistics, storage, and packaging industries.

With a strong engineering infrastructure and a vision of continuous improvement, ÇAVSA Group offers not only products but also reliable and long-term business partnerships to its clients.

Hakkımızda

ÇAVSA GRUP, tarım, gıda ve endüstriyel lojistik alanlarında yenilikçi çözümler sunan öncü bir üreticidir.

Ürün yelpazemizde; plastik konteyner kasalar, plastik paletler, taşıma kasaları, canlı kanatlı taşıma kafesleri, çıtır kasalar, köpük gıda kapları, kristal PS ürünleri (çatal, kaşık, bıçak, bardak) ile makine, gıda, silaj ve el tipi streç film çeşitleri yer almaktadır.

Ayrıca atmosfer kontrollü soğuk hava depolama, yüksek kontrollü elma paketlenme ve ayırıştırma tesislerimizle, ürünlerin tazeliğini, kalitesini ve ihracat standartlarını en üst düzeyde koruyan çözümler sunmaktayız.

Modern üretim tesislerimizde; hijyen, dayanıklılık ve çevre dostu üretim ilkeleriyle hareket ederek, soğuk zincir lojistiği, depolama ve ambalaj sektörlerine özel çözümler geliştiriyoruz.

ÇAVSA Grup, güçlü mühendislik altyapısı ve sürekli gelişim vizyonuyla müşterilerine yalnızca ürün değil; güvenilir ve uzun vadeli iş ortaklıkları sunar.

COLD STORAGE / PACKING / PLASTIC

100*120 Perforated Container Crate / Açık Konteyner Kasa

100 X 120 X 76

156 PIECES

104 PIECES

104 PIECES

The **100 * 120** Perforated Container Crate (**100 x 120 x 76 cm – 35kg ±%3**) is a durable, reusable logistics and storage container made from UV-resistant HDPE. Its perforated design ensures crucial airflow. The crate is easily handled, allows safe stacking of 11-12 units high when fully loaded, and optimizes storage space when empty: three crates can be efficiently nested/packed together for transport. Mobility is customized via changeable feet or wheels, and the exterior includes areas for custom branding.

156 PIECES

104 PIECES

104 PIECES

The **100 * 120** Solid Container Crate (**100 x 120 x 76 cm – 36kg ±%3**) is an industrially durable, reusable storage solution made from UV-resistant HDPE. Specifically designed to contain liquids, this closed model is critical for the storage and transport of spoiled or decaying fresh produce. It is a preferred choice in fruit juice factories, olive oil mills, and grape processing plants. The crate is easily maneuvered and safely stacks 11–12 units high when fully loaded. For optimized return logistics, three empty units can be nested together. It features changeable feet or wheels for tailored mobility and includes dedicated spots for custom branding.

130 PIECES

The **80 * 120** Perforated Container Crate (**80 x 120 x 72.5 cm – 21kg ±3%**) is a lightweight, durable, reusable logistics and storage container made from UV-resistant HDPE. Its perforated design ensures crucial airflow and drainage, making it ideal for fresh produce. The crate's lighter structure and side handling grips allow for easy maneuvering. It allows safe stacking of 11-12 units high when fully loaded and optimizes storage space when empty: three crates can be efficiently nested/packed together for transport. Mobility is customized via changeable feet or wheels, and the exterior includes areas for custom branding.

The **60 * 80** Perforated Container Crate (**60 x 80 x 60 cm – 10kg ±%3**) is a lightweight, durable, and reusable logistics and storage solution made from UV-resistant HDPE. Its perforated design provides optimal airflow and drainage, making it ideal for storing and transporting fresh produce. The crate's light structure and side handling grips ensure easy handling and maneuverability. When fully loaded, it is designed for multi-level safe stacking, maintaining excellent stability even at higher stack heights. When empty, three crates can be nested together to optimize return logistics and save storage space. It also features customizable mobility options with interchangeable feet or wheels, and the exterior includes dedicated areas for custom branding or labeling.
